

## D-RRU-UT12

D-RRU-UT12 is for use under RRU's and antennas to support jumpers and prevent extreme wind and weather from compromising connections. The D-RRU-UT12 mounts on 1-1/2" OD to 3-1/2" round members with 1/2" clamps, and the standoff length is adjustable. The D-RRU-UT12 can accept hangers with 3/8" and 3/4" connections.

## General Specifications

<b>Stand Off</b>	< 12"
<b>Round Member Size</b>	1-1/2" to 3-1/2" OD
<b>Number of Runs</b>	Up to 12
